

MOHAMMED NASER BAIG

BSc Grad, Technically Sound, Creative and a Quick Learner

PROFILE

I am a BSc. Chemistry, Biotech and Microbiology (CBtMi) graduate with excellent communication skills, both written and oral.

I am a technically sound person and I am not afraid to learn something new and develop my skill set.

I have a good quality of Googling about stuff which I don't understand and thereby taking help of many profound expert authors online to solve a particular problem.

WHY SHOULD YOU HIRE ME?

I am a quick learner, open to adapt to changes and reforms. I believe I have the necessary communication skills and professional etiquette. I am a people's person and love interacting with others. I try my level best to achieve perfection in every task assigned to me.

A LITTLE BIT ABOUT THE GAP

From 2016 to 2019, I helped my uncle with his super market business. I picked some people skills by that. Now I'd like to realign my focus to my field of work and make a good career out of the stream I picked through dedication, hard-work and persistence.
